

KHUSHBU KUMARI

Quality Assurance Engineer

khushbudubey0309@gmail.com | [LinkedIn](#) |

Professional Summary

Quality Assurance Engineer with 4+ years of experience in manual and API testing of web, Android, and iOS SaaS applications, with strong focus on usability, reliability, and cross-platform performance in the healthcare and wellness domain. Proficient in SDLC/STLC, test case design, defect lifecycle management, and Agile/Scrum practices, using tools like JIRA, Trello, Postman, Bugzilla, and SQL databases to ensure high-quality, compliant releases. Proven track record in functional, regression, smoke, and UI/UX testing, collaborating closely with cross-functional teams and clients to improve product quality, user experience, and patient-centric outcomes.

Technical Skills

- Tools: Postman, JIRA, Trello, Bugzilla, Mantis, Figma
- Databases: SQL Server 2019, MariaDB
- Methodologies: Scrum, Agile
- Others: Manual Testing, API Testing, SDLC, STLC, Defect Tracking Tools, Automation, Selenium, SaaS
- Platforms: Web, iOS, Android

Professional Experience

Quality Assurance Engineer | Wellnite

Jan 2025 – Present | Remote | California, USA

- Conduct thorough manual testing across web, Android, and iOS platforms, ensuring seamless user experiences and compliance with HIPAA regulations.
- Collaborate with cross-functional teams to validate requirements, report defects, and provide actionable feedback throughout the development cycle.
- Utilize JIRA for test planning, defect tracking, and sprint coordination.
- Perform functional, regression, smoke, and UI/UX testing.
- Tested core product features including **AI chat, mood tracking, video and voice calling**, ensuring functionality, usability, and cross-platform performance.
- Tested prompt engineering and **AI** conversation flows.
- Validated AI-generated responses for accuracy, consistency, hallucinations, and safety.
- Actively participate in Agile ceremonies.
